

MANTA

DESIGNER

Frans Schrofer

Designer, Frans Schrofer, was born in the Netherlands and comes from a long line of artists, craftsmen and teachers spanning many generations. A childhood fascination with cars and motor racing led Frans to an early basic education in electrical and mechanical engineering, and auto mechanics. In 1983 he graduated from the Design Academy Eindhoven and in 1984, he established his design firm, Studio Schrofer.

BESCHRIJVING

Frans Schrofer designed with Manta a sofa which consists of one soft and long seat and back cushion, resting on a straight-lined upholstered frame. This frame is underneath bordered by specially designed and laid-in wooden feet – slightly conical and with rounded edges at the outside and sharp edges at the inside. All of this results in an elegant interplay of lines. The name of the sofa obviously refers to its shape which closely resembles that of the manta ray. Thanks to its striking cushions, which have been finished

with a broad, flat seam, just like pillowcases, this comfortable sofa is a veritable invitation to sit down.
