

OKI. Design: EOOS.

The highlights: lightness, balance and geometry – Oki is an exceptional implementation of the basic tenets of minimalist design. The delicate wire framework carries the table top. For elegant splendour: the surfaces made of copper and bronze. These servers are easy to place beside the sofa – whether as a coffee or as a side table. Flexible, practical, top-quality – simply nice to have.

Product description

Modell no.

131
